No. 07-CV-01658 PJH (EDL)

TRIAL STIPULATION AND [PROPOSED]  
ORDER NO. 3 REGARDING CERTAIN  
FACTS

1 Plaintiffs Oracle USA, Inc. (“Oracle USA”), Oracle International Corporation  
2 (“OIC”), and Siebel Systems, Inc. (“SSI”; and, together with Oracle USA and OIC, “Oracle”)  
3 and Defendants SAP AG, SAP America, Inc., and TomorrowNow, Inc (“TN”; and, together with  
4 SAP AG and SAP America, Inc., “Defendants”; and, all together with Oracle, the “Parties”),  
5 jointly enter this Stipulation and Order (the “Stipulation”).

6 WHEREAS, the Parties seek to narrow the issues in dispute for trial;

7 **NOW, THEREFORE, THE PARTIES HEREBY STIPULATE**, through their  
8 respective counsel of record, as follows:

9 **I. DEFINITIONS**

10 1. “Copy,” used as a noun, means a reproduction of, a derivative work of, a  
11 distribution of, or a public display of at least a portion of any Oracle Enterprise Software, Oracle  
12 Database Software, Oracle Install Software or Oracle Updates and Support Materials that  
13 embody one or more Stipulated Registered Works. “Copy,” used as a verb, means to reproduce,  
14 to create a derivative work from, to distribute, or to publicly display at least a portion of any  
15 Oracle Enterprise Software, Oracle Database Software, Oracle Install Software or Oracle  
16 Updates and Support Materials that embody one or more Stipulated Registered Works.

17 2. “Oracle Database Software” means Oracle’s Relational Database Management  
18 System software.

19 3. “Oracle Enterprise Software” means Oracle’s J.D. Edwards Software, Oracle’s  
20 PeopleSoft Software, and/or Oracle’s Siebel Software, or portions thereof.

21 4. “Oracle Install Software” means install media in the form of a CD or DVD, an  
22 electronic image of a CD or DVD, a binary executable, or a compressed file that, when run or  
23 executed, creates one or more instances of Oracle Enterprise Software or Oracle Database  
24 Software.

25 5. “Oracle’s J.D. Edwards Software” means Oracle’s J.D. Edwards-branded  
26 enterprise application software.

27 6. “Oracle’s PeopleSoft Software” means Oracle’s PeopleSoft-branded enterprise  
28 application software.

7. “Oracle’s Siebel Software” means Oracle’s Siebel-branded enterprise application software.

8. “Oracle Updates and Support Materials” means some or all of the program updates, software updates, bug fixes, patches, custom solutions, and instructional materials created or owned by Oracle, or derived from, copied from, or based on any such materials, including any such materials generated or distributed by TN, for PeopleSoft-branded, J.D. Edwards-branded, and Siebel-branded products.

9. “Stipulated Registered Works” means Oracle’s copyright registrations for Oracle Enterprise Software, Oracle Database Software and Oracle Updates and Support Materials as listed in Attachment A.

## **II. FACTS**

### **A. Interpretation under the Case Management and Pretrial Order**

10. Sections I and II.B-II.F of this Stipulation shall be considered “relevant and undisputed facts to which the parties will stipulate for incorporation into the trial record without the necessity of supporting testimony or exhibits.” See Case Management and Pretrial Order, Dkt. 84, at 3(a)(iii).

### **B. TN’s Computers and Network**

11. The counts of software Copies and downloads reflected in this Stipulation are minimum numbers. The actual numbers may be higher. TN had software other than Oracle Enterprise Software, Oracle Install Software, Oracle Database Software and Oracle Updates and Support Materials on its systems. Nothing in this or any other Stipulation shall be construed to mean that any material other than Copies of these Oracle materials matches the Stipulated Registered Works, or any part of the Stipulated Registered Works.

12. TN owned dozens of computers, including servers, desktop computers and laptop computers, on which Oracle Enterprise Software, Oracle Updates and Support Materials and Oracle Database Software were located.

13. After March 1, 2005, Oracle Enterprise Software, Oracle Updates and Support Materials and Oracle Database Software were Copied onto or installed onto TN’s computers.

1 For example:

- 2 a. TN stored at least 214,807 files (over 695 GB in size) and 602 libraries  
3 containing Oracle Updates and Support Materials on TN's IBM AS/400  
4 computer, which was first brought into service by TN after March 1, 2005.
- 5 b. All copies of Oracle's J.D. Edwards Software ever present on TN's AS/400,  
6 including those on a server hosted by the AS/400 (the JD-WSVR01), were  
7 copied onto or installed on TN's AS/400 after March 1, 2005.
- 8 c. All copies of Oracle Updates and Support Materials ever present on TN's  
9 AS/400 were copied onto the AS/400 after March 1, 2005.
- 10 d. TN stored at least 273,663 files (over 154 GB in size) containing Oracle  
11 Updates and Support Materials on TN-FS01, a computer that was not brought  
12 into service until after March 1, 2005.
- 13 e. All copies of Oracle Enterprise Software, Oracle Database Software, and  
14 Oracle Updates and Support Materials ever present on TN-FS01 were copied  
15 onto TN-FS01 after March 1, 2005.

16 **C. Copies of Oracle Enterprise Software**

17 14. TN obtained Oracle Install Software through its customers. TN thereafter made  
18 Copies of Oracle Enterprise Software using the Oracle Install Software. TN called these Copies  
19 of software "environments." Some of these environments were made in order to provide service  
20 to TN's other customers.

21 15. Some environments were "live" environments that were complete installations of  
22 products such as PeopleSoft HRMS 8.8 or JDE EnterpriseOne XE and were available for  
23 immediate use by TN employees. Others were backups consisting of zipped or compressed  
24 Copies that would need to be restored before they were available for use by TN employees. Both  
25 the live and backup environments were Copies of Oracle's Enterprise Software. When TN  
26 restored backup environments onto its computer systems, it made additional Copies of Oracle's  
27 Enterprise Software.

28 16. TN made at least 6,189 Copies of Oracle's PeopleSoft Software. Each such copy

1 constituted an infringement of one or more of the particular Stipulated Registered Works listed in  
2 Attachment A, Table A-1. These 6,189 Copies include at least 566 live environment Copies,  
3 3,141 backup Copies, and 2,482 restore Copies. TN also made at least 29 Copies of Oracle's  
4 J.D. Edwards Software, each of which constituted an infringement of one or more of the  
5 particular Stipulated Registered Works listed in Attachment A, Tables A-3 and A-4. And, TN  
6 made at least 31 Copies of Oracle's Siebel Software, each of which constituted an infringement  
7 of one or more of the particular Stipulated Registered Works listed in Attachment A, Table A-6.

8 **D. Copies of Oracle Enterprise Software and Oracle Database Software from**  
9 **Oracle Install Software**

10 17. TN temporarily stored some electronic Copies of Oracle Install Software on its  
11 computer systems in an area it referred to as the "CD Client Jukebox" (the "TN CD Client  
12 Jukebox"). TN stored in the TN CD Client Jukebox at least 127 Copies of Oracle Enterprise  
13 Software and Oracle Database Software.

14 18. TN Copied CDs of Oracle Enterprise Software and Oracle Database software,  
15 placed its own labels on the Copies, and stored them in a set of binders (the "TN CD Binders").  
16 Attachment B is three photographs that fairly and accurately represent the TN CD Binders as  
17 they were kept by TN. TN stored at least 727 Copies of Oracle Enterprise Software or Oracle  
18 Database Software in the TN CD Binders.

19 19. The Copies of Oracle Enterprise Software and Oracle Database Software stored in  
20 the TN CD Client Jukebox and the TN CD Binders infringed one or more of the particular  
21 Stipulated Registered Works listed in Attachment A, Tables A-1, A-3, A-6 and A-8.

22 **E. Copies of Oracle Updates and Support Materials and of Component Files**

23 20. Of the Oracle Updates and Support Materials that TN downloaded from Oracle's  
24 websites, at least 826,905 were Copies of Oracle Updates and Support Materials included within  
25 the Stipulated Registered Works listed in Attachment A, Tables A-1, A-2, A-5 and A-7. Many  
26 of these Copies constituted infringements of one or more of the particular Stipulated Registered  
27 Works listed in Attachment A, Tables A-1, A-2, A-5 and A-7.

28 21. At least 39,349 Copies made by TN of Oracle Updates and Support Materials

infringed one or more of the Stipulated Registered Works listed in Attachment A, Tables A-3 and A-4, as follows:

- a. TN made at least 31,334 Copies of Oracle Updates and Support Materials by downloading those Copies in excess of that to which TN customers Merck, Oce Technologies, SPX Cooling, SPX Flow, SPX Weil-McLain, Yazaki North America and Metro Machine had told TN that they were licensed;
- b. TN made at least 5,442 Copies of Oracle Updates and Support Materials by downloading those Copies from Oracle’s website into a generic download library—not a customer-specific library—at TN, and then further Copying them into a customer-labeled folder for at least nine customers, including customer Praxair; and
- c. TN made at least 2,573 Copies of Oracle Updates and Support Materials by downloading those Copies from Oracle’s website and Copying them into a folder for TBC Corp., which provided the download user ID and password to TN, but never became a TN customer.

#### **F. TN’s Business Model**

22. TN had access to Oracle Enterprise Software, Oracle Database Software and Oracle Updates and Support Materials, and Install Software embodying many of the Stipulated Registered Works.

23. TN’s support for some of its customers involved TN’s use of other customers’ software.

24. TN infringed some or all of the Stipulated Registered Works after Oracle filed this lawsuit on March 22, 2007.

### **III. ADMISSIBILITY OF EVIDENCE**

25. The Parties agree that Attachment A and Attachment B shall be admitted into evidence at trial.

**IV. APPLICABILITY**

26. The Parties reach this stipulation for purposes of this action only, and this stipulation has no force or effect in any other proceeding or jurisdiction.

27. Nothing in this Stipulation is intended to, or does, alter or change in any way Trial Stipulation And Order No.1 Regarding Liability, Dismissal of Claims, Preservation of Defenses, and Objections to Evidence at Trial (D.I. 866).
